## **Request for Reconsideration of Medicare Prescription Drug Denial**

Because your Medicare drug plan has upheld its initial decision to deny coverage of, or payment for a prescription drug you requested, you have the right to ask for an independent review of the plan's decision. You may use this form to request an independent review of your drug plan's decision. You have 60 days from the date of the plan's Redetermination Notice to ask for an independent review. Please complete this form and mail, fax or transmit it to:

### **Expedited Decisions**

If you or your prescribing physician or other prescriber believe that waiting for a standard decision (which will be provided within 7 days) could seriously harm your life, health, or ability to regain maximum function, you can ask for an expedited (fast) decision. If your prescribing physician or other prescriber indicates that waiting 7 days could seriously harm your life or health or ability to regain maximum function, the independent review organization will automatically give you a decision within 72 hours. This timeframe may be extended for up to 14 calendar days if your case involves an exception request and we have not received the supporting statement from your doctor or other prescriber supporting the request, OR the person acting for you files an appeal request but does not submit proper documentation of representation. If you do not obtain your physician's or other prescriber's support for an expedited appeal, the independent review organization will decide if your health condition requires a fast decision.

Check this box if you believe you need a decision within 72 hours (if you have a supporting statement from your prescribing physician or other prescriber, attach it to this request)

<u>Please attach any additional information you have related to your appeal such as a statement from your prescribing</u> <u>physician or other prescriber and relevant medical records.</u> Please have your prescriber address the Plan's coverage criteria as stated in the Plan's denial letter or in other Plan documents. Input from your prescriber will be needed to explain why you cannot meet the Plan's coverage criteria and/or why the drugs required by the Plan are not medically appropriate for you.

Additional information we should consider:

Important: Please include a copy of the Redetermination (denial) Notice that you should have received from your drug plan if available.
